Re: SSI Site Reconnaissance Trip Memo - Cedar Falls (IA) FMGP
EPA Work Assignment No. 42-7WZZ
Jacobs Project No. 10D242-04

Dear Mr. Culver:

On June 19, 1991, Bob Aston and Mark Griffith of Jacobs Engineering Group, Inc. (Jacobs) conducted a site reconnaissance visit at the Cedar Falls FMGP site located in Cedar Falls, Iowa. The site is presently occupied by an electric power plant for the Cedar Falls Utility Co. At approximately 0800 hours, Jacobs representatives arrived onsite and met with the following individual:

Dave Rusley
David Martin
Jerry Shoff

Cedar Falls Utilities
Cedar Falls Utilities
Cedar Falls Utilities

Jacobs representatives were given a brief guided tour of the site by the Cedar Falls Utilities. Following the tour, Jacobs representatives collected additional site information, including site feature dimensions, distances, photographs, and diagrams. Following the tour Jacobs representatives visited the local Chamber of Commerce, Public Library, City Hall and the local ASCS office, in an effort to locate additional site and regional data.

Information and data collected during the site reconnaissance visit will be presented in the SSI report, which will be submitted at a later date.

If you have any questions concerning the site reconnaissance visit, please contact either Bob Aston or Mark Griffith.

Sincerely,

Bob Aston
ARCS Site Manager
